## EDUCATION

### INTERMEDIATE

RR Institute of Modern Technology (Computer Science and Engineering,)	7 CGPA	2025
BACHELOR OF TECHNOLOGY		
ZENITH CONVENT SCHOOL		
INTERMEDIATE	72%	2021
HIGH SCHOOL	82%	2019

## PROJECTS

**HOSPITAL MANAGEMENT SYSTEM** (Tech used:- Html, Css, JavaScript.) January 2025  
Project Type: Frontend UI/UX

**Key Features** : - Register & Login Page , Chatbot , Camera Integration ( used for Patient photo and Details ) , Doctor & Patient Management ,Smart Search & Filters , Live Waiting Queue , Image Gallery , Feddback panel , and so on .

Developed a responsive and interactive hospital management dashboard using only HTML, CSS, and JavaScript. The system provides a clean, user-friendly interface to efficiently navigate through multiple hospital management features without any external libraries or frameworks.

**CHATBOT** (Tech used:- Html, Css, JavaScript.) MARCH 2025  
Project Type: -Frontend AI Interaction Interface

Designed and developed a futuristic voice-assisted chatbot interface inspired by Artificial Intelligence using only HTML, CSS, and JavaScript. The UI includes a glowing neon theme, animated 3D-styled robot graphics, and real-time debugging/log features to simulate an intelligent assistant environment.

**Key Features** : -Voice Input Handling , Text Input Handling , Fully Responsive Design , AI Debug Console , Multimodal Input , 3D Robot Avatar , Time Stamp , +200 urls Handling and so on .

**Restaurant Website** (Tech used:- HTML, CSS, JavaScript.) MAY 2025  
Project Type :- Responsive Multi-Page Website

Developed a fully responsive restaurant website with modern UI/UX, interactive elements, and smooth page transitions. The website showcases menu items, chef profiles, customer testimonials, blogs, and contact section with professional layout.

**Key Features** : -

- Built a fully responsive, multi-page restaurant website with modern UI components (banner slider, food menu, chef section, blog, and contact form).
- Developed interactive features using JavaScript – countdown timer, splash screen, dynamic menu filter, and image carousel.
- Designed modular CSS architecture and optimized images for better loading performance and mobile responsiveness.

## TRAINING

**Summer Training** (RR Institute of Modern Technology.)  
Web Development (HTML, CSS, JavaScript, React JS)  
Duration: [ AUGUST 2024 – SEPTEMBER 2024 ]

Successfully completed a comprehensive summer training program focused on modern web development using HTML, CSS, JavaScript, and an introduction to React.js. The training emphasized hands-on learning through mini and full-scale projects, covering both design fundamentals and interactive frontend behavior.

### Key Highlights :-

- Gained practical experience in building responsive web pages from scratch using HTML5 and CSS3.
- Learned core JavaScript concepts including DOM manipulation, event handling, arrays, functions, and ES6+ syntax.
- Built multiple UI-focused projects such as register & login pages, interactive components ,e-commerce UI, and chatbot interface
- Introduced to React.js, learning about components, props, state management, and JSX syntax.
- Introduced to React.js, learning about components, props, state management, and JSX syntax.

## INTERNSHIP

**Full Stack Developer Intern**  
KDR Tech Innovation, Bengaluru, Karnataka (Remote)  
Duration: [ JULY 2025 – AUGUST 2025 ]

- Contributed to the development of scalable web applications using HTML, CSS, JavaScript, React.js,
- Collaborated in designing responsive user interfaces and optimizing application performance.
- Worked in an agile environment, handling tasks such as debugging, testing, and deployment.
- Gained hands-on experience in full stack development and enhanced problem-solving skills.

## SKILLS

**Web Technologies:** HTML, CSS, JAVASCRIPT  
**Database:** MySQL

**Programming Languages:** Core Java, PHP  
**Core Subjects & Concepts:** OOPs, Data Structures & Algorithms , DBMS

## DEVELOPMENT TOOLS

- VS Code
- Git / GitHub
- MS Word
- IntelliJ IDEA
- Chrome DevTools
- Power Point
- Eclipse
- MS Excel

## SOFT SKILLS

- Problem-Solving & Critical Thinking
- Teamwork, Collaboration & Leadership
- Adaptability and Fast Learning
- Time Management & Ability to Work Under Pressure
- Communication Skills (English and Hindi)
